

# How to Earn Interest Projects – new and old!

The NEW Interest Projects (IP's) that were introduced online recently came with a new way to earn the awards! The new way to earn them makes the awards easier and more fun for the girls. The old IP's can still be earned the traditional way, or

## **YOU CAN USE THE NEW REQUIREMENTS!!!**

Here's how to earn the old IP's using the new requirements:

1. Complete two "Skill Builders" activities of your choice.
2. Complete two activities of your choice from two of the four different categories.
3. Design and do one activity of your own. You can complete an additional activity from one of the categories or design your own activity. This will help you set a SMART goal and achieve it! SMART stands for:

Specific, Measurable, Attainable, Realistic, Timely.

4. Prepare a short reflection describing what part(s) of the Girl Scout Promise and Law relates to what you did while earning the IP. Think about how this IP has given you skills or greater understanding to help you live out that part(s) of the Promise and Law in your own life and then prepare a reflection that best expresses your experiences and personality, such as a:

1-2 paragraph description, poem, song, drawing, or skit.
